## Why do you want to apply for this position within student government?

I want to apply for this position within student government because I truly think elections are important. Elections are the way everyone's voice is able to be heard as they vote for whom they want to be represented by. I am familiar with elections as I was responsible for my high school's, but I am sure this will be different so I am ready with an open mind and ready to learn.

## Have you reviewed the job description for this position on the Student Government website and in the ASI Bylaws?

Yes

## Please list or describe your qualifications for this position.

As my resume shows I was in my high school's student government for all four years, each year I held several titles even being president my senior year. I know how student government is run and how important each role is. For this specific role, I ran my high school's elections my junior year. I was in charge of each election including the student government and dances elections.

## What does advocating for and representing the student body mean to you?

Advocating and representing the student body means very to me. Everyone has an opinion on everything, but not only everyone speaks or gets heard. I think this is very important because although many think about majority, one must think about the rest also.

## What would you like to accomplish if you are elected or appointed to this position?

If I were to be appointed to this position, I would like to accomplish to have everyone who is running have their voice heard, but also the rest of the students. Elections are very important as they are what represents the student body and school as one.

## Please describe your campus or community involvement.

Being my first year, I had only been involved on campus by Beach Team. My biggest involvement is at Sunrise Senior Living, where I am a care manager. I work with assisted living, independent living, and in memory care living resident. From getting them ready, doing activities with them, helping them feed, and much more it's my pride and joy. The love I have for all my residents is beyond and I enjoy every single second as I assist them.

Have you previously held leadership positions whether through student organizations, employment or volunteer involvement?

Yes

If yes, please specify your previous leadership position.
